

High School Summer Credit Recovery

Parents/Guardians will receive communication from Teachers and/or School Counselors if students are required to participate in this pathway. Students currently in the 9th, 10th, 11th, or 12th grade who did not pass one of their core academic classes will need to enroll in a credit recovery class during the 2023-2024 school year. Credit recovery classes are only available to students who must repeat the course. These classes are not an option for students taking the class for initial credit (i.e., first time or for a higher grade). Transportation will be provided for current HCPS students.

The registration link below will take you to a list of HCPS Middle and High Schools. Please select your current school to register. HCPS Summer Registration window will open on March 11, 2024, and close at 4:00 p.m. on June 4, 2024. Current HCPS students/parents, please [Click Here](#) to register. Registration support is available for current HCPS students who participate in the ESL program. Non-Henrico Residents will need to contact the schools and make an appointment to register their student in person.

High School Tuition:

- Henrico Resident One Course \$300 | Henrico Resident Two Courses \$450
- Non-Henrico Residents One Course \$600 | Non-Henrico Residents Two Courses \$950
- Henrico Resident Drivers Education \$150 | Non-Resident \$390

Summer Academy Graduation

Summer Academy is offered to high school students of Henrico County in order to provide educational opportunities for them to take credit courses they would not be able to schedule in the regular school program or to take such courses that may help them advance toward graduation.

Only eligible students from Henrico County Public Schools may participate in the Wednesday, July 31, 2024, Graduation Ceremony at Henrico High School at 10:00 a.m.

High School General Summer Academy Information

ATTENDANCE AND TARDY REQUIREMENTS:

Attendance during Summer Academy 2024 is very important. One day of summer academy is equal to approximately one week of regular school. Parents are asked not to make vacation plans which conflict with summer academy dates.

- Students who are absent in excess of three (3) days, EXCUSED OR UNEXCUSED, will be withdrawn from summer school for one-credit classes. Only one absence is allowed for semester classes, including driver education.
- Three tardies or three early dismissals will be counted as one absence, regardless of the amount of time involved. Any tardy after 10:30 a.m. or any early dismissal prior to 10:30 a.m. will be counted as a half-day absence.
- There can be NO EXCEPTIONS to this requirement, REGARDLESS OF THE REASONS. These attendance and tardy requirements are not meant to be punitive. All schools must maintain and enforce a minimum number of student hours per class in order to retain their accreditation.

MAKE-UP WORK:

- Make-up work applies ONLY to EXCUSED absences. Obviously, there is no opportunity to make up work beyond three (3) days because if a student misses more than 3 days, excused or unexcused, he/she is withdrawn. (See Attendance Requirements above.)
- In order to be able to make up work on any of the three days allowed, students must bring a valid note signed by a parent or guardian stating the reason for absence.

DISCIPLINE:

- Summer Academy 2024 is a privilege, not a requirement. There is much to be done in a compressed time frame and, therefore, little time for behavior problems.
- Students referred to the summer administrator for violations of discipline may be withdrawn from Summer Academy.
- Copies of the Summer Academy Discipline Regulations will be distributed on the first day of the summer session to be signed by both the student and a parent or guardian and returned to the school. Residents and non-residents will follow Henrico County Public Schools Code of Student Conduct.

REFUND PROVISIONS:

- No refunds for Henrico County summer courses will be given after June 13, 2024.
- Henrico County Public Schools reserves the right to cancel classes for which there is insufficient enrollment. Refunds will be given for courses which are not offered due to insufficient enrollment.
- When a class reaches its maximum enrollment, registrations will be returned in reverse date order.
- No refunds will be authorized for students withdrawn for disciplinary reasons or excessive absences.

FOOD SERVICE:

Breakfast and lunch may be provided free of charge through the USDA's Summer Food Service Program depending on a site's eligibility status. Eligibility can vary, so please check with a Summer Academy coordinator at the site to verify. Students may also have the option to bring in their own snacks.

Summer Food Service Program Meal Times:

Breakfast and lunch time slots cannot pass the time below:

- **Breakfast** 7:00 a.m. - 9:00 a.m.
- **Lunch** 10:00 a.m. - 12:30 p.m.

MEDICAL INFORMATION:

All medical information pertaining to students who attend Summer Academy must be communicated to the Summer Academy Nurse. All medication, prescription and over-the-counter, **MUST** be brought to Summer Academy by a parent/guardian with the prescribed orders. If your student has medication at their home school, the orders may be obtained from that nurse. All medications must be brought to the Summer Academy school by a parent/guardian. If you have any questions, please call School Health at (804) 226-5470.

Summer Acceleration Course Options

Below are summer acceleration course options for current HCPS students interested in taking initial credit courses.

Henrico County Hybrid-Online Health and PE

Courses and Prerequisites:

Health and P.E. 9 (Course 7300); Prerequisite: completion of, or currently completing 8th grade.

Health and P.E. 10 (Course 7400); Prerequisite: completion of, or currently completing, course 7300.

Note: Courses are offered to students who will be enrolled in Henrico County Public Schools, or HCPS students enrolled at Code RVA or Maggie Walker Governor's School during the 2023-24 and/or 2024-25 school year.

Course Dates: June 4 - July 16, 2024

Cost: \$225 tuition, restricted to Henrico County residents attending HCPS or MWGS/CodeRVA.

Lottery Application Window: January 23 - February 16, 2024

Specific details regarding registration process, course timeline, etc. can be found

Online Economics & Personal Finance (EPF) through Longwood University

Who: Rising 9-12th grade students (Rising freshmen and sophomore students are required to have at least a 3.0 GPA and must have successfully completed Algebra I. Rising seniors and juniors do not have a minimum GPA requirement.)

Summer Session June 24 – July 27, 2024

* Students are required to take their final exam on Longwood University's campus. Registration will open in March and close on June 7, 2024. Tuition: \$50

[Summer 2024 Longwood Dual Enrollment Flyer](#)

Additional information about the course, its cost, and enrollment requirements can be found at <http://www.longwood.edu/personalfinance/>.

Economics and Personal Finance is a 4-week rigorous, mathematically intensive course covering economics and personal finance that may require students to spend up to 6 hours daily to succeed. The course satisfies the state's economics and personal finance requirement and the online experience and certification requirements for high school graduation. The WISE Financial Literacy Certification exam is administered in the course. Students will receive 3 hours of college credit for successfully completing this class.

Required course text: Personal Finance, Turning Money Into Wealth, 7th edition (an earlier edition can be purchased for cost savings)

Required course calculator: Any graphing or financial calculator (Texas Instruments BAII+ is recommended).

Online Acceleration courses through Virtual Virginia

HCPS students have the option of enrolling in either Virtual Virginia Summer Cohorts. Students can take two courses (max) during the summer. These courses can be taken one course per cohort/term.

Summer Cohort 1

- Registration Window: March 1 - June 4, 2024
- Instruction: June 3 - July 12, 2024

Summer Cohort 2

- Registration Window: March 1 - June 18, 2024
- Instruction: June 17 - July 26, 2024

Enrollment Fee: \$375 per person, per course.

Enrollment fees must be paid at the time of course registration and must be made using a Visa, MasterCard, or Discover card. If a student's summer session enrollment fee is not paid **by noon on the individual cohort start date**, the student will be administratively withdrawn from the course(s) by Virtual Virginia.

Current HCPS students interested in enrolling in acceleration courses through Virtual Virginia should contact your school's Registrar to assist with the registration process.

Withdrawal Information

Withdrawal from a Virtual Virginia Summer Session course must be submitted by the enrolling school that registered the student to Virtual Virginia. HCPS parents must submit the request to withdraw their student, in writing, to their student's HCPS School Counseling Office.

Term	Withdrawal Deadline (by 10 a.m.)
Summer Cohort 1	Tuesday, June 4, 2024* * Please note: Virtual Virginia's deadline is Thursday, June 6, 2024, but HCPS must submit the request and complete the withdrawal process to Virtual Virginia, on behalf of the student.
Summer Cohort 2	Tuesday, June 18, 2024* * Please note: Virtual Virginia's deadline is Thursday, June 20, 2024, but HCPS must submit the request and complete the withdrawal process to Virtual Virginia, on behalf of the student.

No refunds will be issued for enrollments withdrawn after the corresponding dates above. Students who are withdrawn after those dates will have the withdrawal grade (WP – Withdraw Passing or WF – Withdraw Failing) reflected on their HCPS transcript.

Enrollment Information

Who: Self-motivated and task-driven students in rising 7-8th grade who are driven to spend 4-6 hours per day working online may register to take one of the following courses for acceleration:

- Spanish I*
- French I*

**Course offerings may vary by schools based on a variety of factors. Please reach out to your School Counseling Department for details.*

Self-motivated and task-driven students in rising 9-12th grade who have met prerequisites and are driven to spend 4-6 hours per day working online may register to take one of the following courses for acceleration:

Summer Cohort 1:

- Algebra I
- Algebra II
- Earth Science
- Economics and Personal Finance
- English 12
- Geometry
- Health and PE 9 (not driver's education)
- Health and PE 10 (not driver's education)
- Virginia and US History
- Virginia and US Government

Summer Cohort 2:

- Algebra I
- Algebra II
- Biology II: Anatomy and Physiology
- Biology II: Ecology
- Earth Science I
- Earth Science II: Oceanography
- Economics and Personal Finance
- English 12
- French I
- French II
- French III (honors)
- Geometry
- Health and PE 9 (not driver's education)
- Health and PE 10 (not driver's education)
- Pre-Calculus (honors)
- Spanish I

- Spanish II
- Spanish III (honors)
- Spanish IV (honors)
- Virginia and US Government
- Virginia and US History
- World History and Geography to 1500 AD

Any courses not listed above will need approval by Content Specialists before enrollment.

Henrico, VA 23228

804-756-3020

Cost:

Summer Career Camps has a tuition of \$50 per student.

Hermitage • Highland Springs • Virginia Randolph

Courses for Rising 9th-12th Graders

(0.5 credits)

Automotive Technology introduces students to the many fields related to the automotive service industry, including engine and brake repair.

Baking and Pastry teaches students safety and sanitary practices in a commercial kitchen. Students will focus on breadmaking, cupcake baking/decorating, and making various types of cookies.

Barbering teaches students the basics of hair, scalp, and skincare. Students practice on mannequins to hone their new skills and discover what it takes to operate a barbershop.

Computer-Aided Drafting is an introductory course where students gain an understanding of how to create drawings and 3D models using the latest CAD software.

Cosmetology teaches students the foundation of professional hair, skin, and nail care. Students will practice techniques needed to perform these services in a salon environment.

Criminal Justice explores the world of modern law enforcement. Learn to use police equipment to solve crimes and keep order. Topics include crime scene investigation, using police tactical gear, fingerprinting, and common patrol tactics.

Culinary Arts students participate in creative activities related to following recipes and cooking. Learn basic culinary techniques, menu planning, and explore culinary careers.

Diesel Technologies introduces students to the fundamentals of diesel equipment technology. Learn the basics of diesel vehicles such as fire trucks, school buses, and ambulances.

Early Childhood Education and Services is ideal for students interested in pursuing the field of education, especially those who have a passion for working with younger children. Students will work directly with preschool-aged children enrolled at Springer Preschool Academy.

EMT Intro will allow students to complete their CPR/First Aid certification. Other topics include FEMA certificates for emergency situations, learning medical terminology, and "Stop the Bleed" training.

Graphic Communications is designed to introduce students to the world of printing. Learn techniques to manage and control production printing using 21st-century skills and develop digital composition and printing skills, wide format printing, and collation/binding operations.

High Tech Engineering introduces students to a multi-discipline program offering math, science, and engineering. Students work in teams to solve problems incorporating advanced mathematics and science.

Motorsports explores the motorsports technology industry and identifies careers in the field.

Introduction to Nursing introduces students to careers in the nursing field including basic patient care, moving & transporting patients, taking vital signs, bathing/dressing and basic nursing care.

STEM and Precision Machining introduces students to the world of STEM through activities using machining technology. Students learn to layout and produce projects using industry-standard tools and equipment.

Pharmacy Technician introduces students to the skills needed to assist pharmacists in delivering healthcare services to clients in various settings.

Sports Medicine students will spend three weeks learning skills to swim for life. They will be tested on various swimming skills beginning with blowing bubbles with the goal of learning multiple swimming techniques.

Advanced students will be able to learn lifeguarding skills and become certified upon completion of the course. They must meet all the testing and skill requirements to receive their certification.

Electricity and Cabling is designed to introduce students to electricity-related occupations. Basic principles of electricity are stressed with emphasis on residential wiring.

Entrepreneurship Creation Station explores the various business and marketing principles of entrepreneurship. Students will develop a business plan, learn marketing strategies, and pitch their product to a “team of investors.”

Welding introduces students to basic welding techniques. Create items using the skills learned and explore options for careers in welding.

Veterinary Science is an introductory course designed to teach basic skills in animal care and explore animal-related careers. Content includes animal behavior, breeds and species, basic animal anatomy, restraint and handling, feeding/nutrition, animal grooming, facility maintenance and cleaning, and workplace readiness.

Courses for Rising 6th-8th Graders (No Credit)

Auto Body Repair introduces students to aspects of automotive body repair including minor body repair and proper use of the tools of the trade.

Automotive Technology introduces students to the different areas involved in auto repair and maintenance. Students will develop an understanding of how a car works and the different facets of car ownership and care.

Barbering teaches students the basics of hair, scalp, and skincare. Students practice on mannequins to hone their new skills and discover what it takes to operate a barbershop.

Cosmetology introduces students to the foundation of hair, nail, and skincare.

Construction Exploration students will explore the field of construction by learning about basic carpentry, masonry, electricity and HVAC principles. Learn to use, care for, and handle safely the tools, machines, equipment, and materials commonly used in various construction trades.

Criminal Justice explores the world of modern law enforcement. Learn to use police equipment to solve crimes and keep order. Topics include crime scene investigation, using police tactical gear, fingerprinting, and common patrol tactics.

Culinary Arts students participate in creative activities related to following recipes and cooking. Learn basic culinary techniques, menu planning, and explore culinary careers.

Entrepreneurship Creation Station explores the various business and marketing principles of entrepreneurship. Students will develop a business plan, learn marketing strategies, and pitch their product to a "team of investors."

EMT Intro will allow students to complete their CPR/First Aid certification. Other topics include FEMA certificates for emergency situations, learning medical terminology, and "Stop the Bleed" training.

Event Planning & Tourism Marketing students will participate in hands-on cooking demonstrations, learn basic culinary techniques, plan events, and explore the hospitality industry, including food and beverage (catering), lodging, recreation, travel, and tourism.

Game Design and Web Development is designed to engage students in understanding the foundation of creating dynamic, visually appealing websites. Students will explore the fundamentals of frontend web development and create their web page by considering the layout, responsive pages, dynamic content & more.

Introduction to Landscape Design students will learn the principles of growing seeds to have flowers and food. Propagation techniques will also be learned. Gardening will become a skill you develop that will serve you well.

Legal/Medical Systems Administration is an introductory course for students who want to be legal or medical office workers or specialize in other fields in a legal or medical environment. Students develop skills that prepare them for employment in various legal and medical office environments.

Radio Broadcasting and Journalism focus on learning about the Production Studio. Learn about the history of audio editing on various platforms, emphasizing Adobe Audition. Students will experience the process of digital audio production via hands-on projects, including sports announcing.

Veterinary Science is an introductory course designed to teach basic skills in animal care and explore animal-related careers. Content includes animal behavior, breeds and species, basic animal anatomy, restraint and handling, feeding/nutrition, animal grooming, facility maintenance and cleaning, and workplace readiness.

ACE Center Summer Career Camp Registration Form

<https://bit.ly/SummerCareerCamp2024>

\$50 Fee

Registration Opens on March 11, 2024

Closes May 24, 2024

Withdrawal Date June 3, 2024 at 3 p.m.

General Information

Tuition is \$50 per student for Summer Career Camps. Only Henrico County residents may enroll. Students do not gain industry-standard certifications as part of the Summer Career Camps program unless noted otherwise.

Summer Career Camps have an attendance requirement. Once a student misses three days of a credited class, they will be removed from the class. No credit is earned, and tuition is forfeited.

Transportation by HCPS will begin on the first day, June 3, 2024. Bus schedules will be sent via email before the first day of class. Ensure your email address is clearly and correctly written on the registration form. Students will be picked up from and returned to the elementary school you list on the registration form.

Classes are filled on a first-come/first-served basis.

Applications will not be processed before March 11, 2024. Rising 9th - 12th-grade students will be able to receive 0.5 credits from the 3-week course. Rising 6th - 8th-grade students will not receive credit.

The withdrawal deadline is June 3, 2024, by 3:00 p.m.

2024 CTE SUMMER BUILDING TRADES

Henrico County Workforce and Career Development

Presents CTE SUMMER BUILDING TRADES for rising 10th and 11th graders.

The summer building trades program provides an opportunity for students to gain real-world experience in a variety of different building trades. Upon successful completion of

the course, students will earn one high school credit and have the opportunity to gain their OSHA-10 certification. Students will be able to explore multiple building trades, including carpentry, electricity, heating/air, masonry, and cabling/networking. In addition, students will be able to work in various settings around Henrico County, including commercial and residential projects.

When:

June 3, 2024 - July 11, 2024 (Monday - Thursday)

No classes on June 19, 2024, or July 4, 2024

7:30 a.m. - 1:30 p.m.

Where:

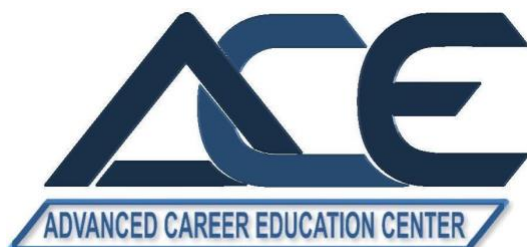

Various locations of residential and commercial projects in Henrico County

Cost:

There are no costs affiliated with Summer Building Trades

Registration Link:

<http://bit.ly/SummerBuildingTrades>

Hermitage • Highland Springs • Virginia Randolph

General Information

The summer building trades program is only open to rising 10th and 11th grade students presently enrolled in Henrico County Public Schools. There is no tuition or fee for this program. Upon successful completion of the course, students will earn one high school credit and have the opportunity to gain their OSHA-10 certification.

Summer Building Trades has an attendance requirement. Students who miss more than three days of this credited class will be unenrolled from the class with no credits earned.

Transportation by HCPS will begin on the first day, June 3, 2024. Bus schedules will be sent via email before the first day of class. Ensure your email address is clearly and correctly written on the registration form. When registering, students will be picked up from and returned to the closest high school you select.

Enrollment is on a first-come, first-served basis and is limited to 50 students.

Applications will be processed on a first come, first served basis.

The withdrawal deadline is June 3, 2024, by 3:00 p.m.

2024 Summer Testing - High School Students

Students Enrolled in a Summer Academy Course

SOL tests: July 15, 2024, with expedited retakes on July 17, 2024.

HVA/Virtual Virginia: online students will take required SOL tests on Monday, July 15, at 10:00 a.m. at their zoned summer academy site.

STAR (Summer Testing and Recovery):

For Students Not Enrolled in a Summer School Course (formerly Project Graduation)

High school students who have passed a class but have not passed the associated test needed to meet graduation requirements will have the opportunity to take one or more tests at Henrico High School after participating in a review session. This program is free, and transportation can be provided from the student's home school.

- Review & take an SOL or WorkKeys test to earn verified credit.
- Review & take the WISE test for required industry credential.

- Program meets at Henrico High School, and transportation will be available from HCPS home school.

- Session 1: Review July 1-2, test on July 3 (WorkKeys Writing Only)
- Session 2: Review July 8-10, test on July 11
- Session 3: Review July 15-17, test on July 18

- Class meets from 9:00 a.m. - 12:00 p.m. each day of the review and test on the final day of the week.

- Look for an email from the testing coordinator and the registration form to be sent to parents via Parent Square if the student is eligible for participation.

- For more information contact your teacher, school counselor, administrator, or testing coordinator.

Extended School Year Programming

A free appropriate public education (FAPE), for some students with disabilities, may require a program of special education and related services in excess of the normal school year. In order for students with disabilities to access ESY programming, an IEP team needs to convene to discuss individual student needs and determine ESY eligibility.

Elementary Programming

Dates: June 10 - July 3, 2024; Monday-Thursday

Time: 7:30 a.m. - 12:00 p.m.

Sites: Nuckols Farm, Tuckahoe, Pinchbeck, Trevvett, Longdale, Ratcliffe, Varina

Middle School Programming

Dates: June 10 - July 3, 2024; Monday-Thursday

Time: 8:30 a.m. - 1:00 p.m.

Sites: Fairfield, Moody, Holman

High School Programming

Dates: June 10 - July 3, 2024; Monday-Thursday

Time: 8:30 a.m.- 1:00 p.m.

Sites: Hermitage, Godwin, Highland Springs High

ESL and DLI Summer Enrichment

ESL Summer Academy and ESL Summer Enrichment will be offered to select rising 1st – 12th grade students. Extended-day ESL Newcomer Summer Academy, open for newcomer level 1 English learning students, will take place for five weeks with a focus on developing English language skills and academic vocabulary in the areas of speaking, listening, reading, and writing. Students will also be provided opportunities to engage with language through music, art, STEM, physical activity, and social-emotional learning. ESL Summer Enrichment will be offered for four hours per day for four weeks with a focus on building language and academic skills. It is intended for level 1-2 English learners who have been in US schools for less than three years. Registration forms will be sent home to those who qualify through their ESL teacher. English learning students who do not qualify for ESL Summer Enrichment may attend the summer academy for their home school.

Current students participating in the Dual Language Immersion program at Holladay Elementary are eligible to attend a half-day program to continue practicing both their English and Spanish language acquisition skills.

ESL Newcomer Summer Academy (Grades: Rising 1st - Rising 12th)

Dates: June 10 - July 11, 2024; Monday-Thursday, No class on June 19 or July 4, 2024
Time: 8:00 a.m. - 2:45 p.m. (Times are tentative depending on availability of transportation.)
Site: Holladay Elementary School

ESL Summer Enrichment (Grades: Rising 1st - 12th)

Dates: June 17 - July 11, 2024; Monday-Thursday, No class on June 19 or July 4, 2024
Time: 8:00 a.m. - 11:30 a.m. (Times are tentative depending on availability of transportation.)
Site: Holladay Elementary School

Dual Language Immersion Summer Enrichment

Dates: June 17 - July 11, 2024; Monday-Thursday, No class on June 19 or July 4, 2024
Time: 8:00 a.m. - 11:30 a.m. (Times are tentative depending on availability of transportation.)
Site: Holladay Elementary School
